

FLORIDA SCULPTORS GUILD PRESENTS

# Seeing by hand

September 4 - December 30, 2021  
Casselberry Sculpture House

The Florida Sculptors Guild is showcasing an innovative concept in sculpture exhibits: We invite people to touch the art as another way to enjoy and explore it. The show was curated specifically for people with visual impairment.

## *How is this important?*

- **reVision** goes beyond visual perception. Guests will discover a surprising new way to appreciate sculpture.
- Blind and low vision audiences will be able to investigate three-dimensional art in a gallery setting.
- The exhibit will feature totally touchable sculptures by members of the Florida Sculptors Guild. Small group VIP tours available by appointment.
- Visitors are invited to help build a collaborative community sculpture (a hallmark of the Florida Sculpture Guild),
- **reVision** will be a local highlight of National Visually Impaired Month in October 2021. Lighthouse Central Florida is assisting to make all art and gallery spaces safe and accessible for all patrons.
